Shell votive

Designed by **Magnus Löfgren**

Magnus Löfgren was inspired by old-fashioned mirrored wall sconces when designing his tealight holder Shell. Shell was designed in 1993 and has been part of Design House Stockholm's collection since the beginning. This year we introduce Magnus Löfgrens classic Shell votive candleholder in brass and copper. We have also changed the production of Shell from sand moulding to injection moulding to enhance the quality even further.

Cast zink alloy with copper/brass/nickel plate.
Ø 10 cm, H 3 cm (Ø 4", H 1.25").

Available May 2015.

RRP: € 69

Magnus Löfgren

Magnus has been collaborating with Design House Stockholm since the very beginning. His early successes is the Shell candle holder and the Focus vase, which achieved the Excellent Swedish Design award in 1995. He was educated at HDK, the School of Design and Craft at Gothenburg University and has his own design studio in Stockholm.
