Jobs shoulder bag

Designed by **Nina Jobs**

There have been numerous requests for us to take up production again of the bag that Nina Jobs designed for us during the 1990s. The new version includes a small number of improvements to the product. We have changed to a durable canvas fabric. The bag is a little larger which means that it can carry a laptop. But it is still just as simple and practical with interior and exterior pockets. It is available in black, blue or mud.

Bag made of cotton canvas. Adjustable cotton shoulder strap. Polyester lining. Exterior pocket with zip fastener. Interior pocket. 40×35 cm (16"×14").

Available summer 2015.

RRP: € 69.90
